Full-Stack Software Developer

EDUCATION

HTL Rennweg

Vienna, Austria

Information Technology / Grade: 1.8

Sep 2021 – Jun 2026

- Full-stack web development: Java / Spring Boot and Symfony (PHP) for backend, Vue.js with Capacitor for cross-platform frontend.
- Networking & cybersecurity: Cisco router/switch configuration, protection against common vulnerabilities (e.g. SQL injection).
- Multimedia & design: Adobe Creative Suite (Illustrator, Photoshop, InDesign), photography, and film production.
- Diploma Thesis: DanceMaster — cross-platform AR dance-education application (see Projects).

EXPERIENCE

Freelance Software Developer

Jun 2026 – Present

Self-Employed

Remote

- Design and build custom software solutions for companies and private clients, automating processes and delivering digital products end-to-end.
- Deliver clean, maintainable code across web applications, desktop tools, backend systems, and APIs using PostgreSQL and Doctrine, tailored to each client's requirements.

Website Administrator

Jan 2023 – Feb 2026

Naturfreunde Österreich

Remote

- Owned end-to-end administration and maintenance of the official website for the local Neubau group.
- Managed content updates and performed regular maintenance to ensure technical stability.
- Optimized the CMS-based platform to deliver a reliable, engaging digital presence for the community.

Network Engineering Intern

Aug 2024 – Aug 2024

CANCOM Austria

Vienna, Austria (Hybrid)

- Earned the Fortinet NSE 3 certification, deepening expertise in network security concepts and infrastructure.
- Engineered Python scripts for network automation, improving operational efficiency and reliability.

Network Engineering Intern

Aug 2023 – Aug 2023

CANCOM Austria

Vienna, Austria (Hybrid)

- Configured and managed Cisco switches alongside Palo Alto Networks and Fortinet FortiGate firewalls in complex network environments.
- Earned Fortinet NSE 1 and NSE 2 certifications, demonstrating strong fundamentals in cybersecurity and threat mitigation.

PROJECTS

DanceMaster — Cross-Platform AR Application, Diploma Thesis (Jul 2025 – Present)

Unity, PostgreSQL, Symfony, JWT, Docker

- Built a cross-platform AR mobile app in Unity 6 (iOS/Android) with AR Foundation, ARKit, and ARCore for real-time spatial tracking and interactive foot-tracking animations.
- Engineered a Symfony REST API with JWT authentication as the orchestration layer for user data and choreography sync; containerized with Docker.

Heatseekers — Real-Time Computer Vision & Server Monitoring (Oct 2023 – Feb 2024)

Python, OpenCV, Flask, Vue.js, SCSS, Bash

- Built a Python / OpenCV background service for real-time motion and thermal detection from live camera feeds using low-overhead frame-differencing.
- Developed a Flask REST API and Vue.js/SCSS dashboard for live video streams and detection logs; automated headless deployment with Bash scripting.

TaskMaster — Centralized Class Task Manager (Apr 2022 – Sept 2022)

Spring Boot, Vue.js, Thymeleaf

- Built a Spring Boot backend with role-based access control separating teacher and student workflows.
- Combined a Vue.js frontend with Thymeleaf server-side templating for dynamic, secure task tracking.

CERTIFICATES

- Career Essentials in Generative AI — Microsoft & LinkedIn, Jul 2026
- Career Essentials in GitHub Professional Certificate — GitHub, Jul 2026
- Artificial Intelligence Fundamentals — IBM, Jul 2026
- Introduction to Responsible AI — Google, Jul 2026
- Amazon Translate: Getting Started — AWS, Feb 2026
- Amazon Location Service: Getting Started — AWS, Feb 2026
- SkillDisplay Profile (Symfony, Spring Boot, VueJs, Drupal) — SkillDisplay GmbH, Jun 2026
- Drupal in a Day — Drupal, Oct 2025
- Communication and Team Building Seminar — HTL Rennweg, Mar 2025
- NSE 1, NSE 2, NSE 3 — Fortinet, 2023 – 2024

AWARDS

- World Champion 2025 — Vaulting (Squad) — FEI, Aug 2025
- 8th in the World 2025 — Vaulting (Individual) — FEI, Jul 2025
- 8th in Europe 2024 — Vaulting (Individual) — FEI, Jul 2024
- 12th in the World 2023 — Vaulting (Individual) — FEI, Jul 2023

SKILLS

Programming: Vue.js, Spring Boot, Symfony, Java, PHP, Python

Design & Modelling: Blender, Illustrator, Photoshop, InDesign

Cyber security & Network Technology: Cisco Networking, Fortinet, Palo Alto Networks

Tools: Git / GitHub, Docker
